

# Aqua Master® AquaAir

**NEW**

## Deep Water Series

These new systems are part of our popular family of **AquaAir** Products. They provide any aquatic environment superior aeration, circulation and de-stratification, without disturbing the natural, aquatic landscape, now for applications up to 32' depths. The new Deep Water **AquaAir** models utilize 1/3HP piston type compressors to drive the aeration process. Systems are available with one to four diffuser configurations. All **AquaAir** Systems have a 5 year warranty excluding the compressor and cooling fan which have a 1 year warranty.
